

Create Your Own RiskIQ Community Account

1. Open your browser and go to <https://community.riskiq.com/registration>
2. Create your own RiskIQ Community Account using your company's email address.
3. Use promo code that you were given in class. **(the code is case sensitive)**
4. Check your email and verify your email account.
 - By using the promo code you will be given additional queries per day.

Adding a Promo Code to a PassiveTotal Account

- Go to account settings
- On the left side click on Profile
- Click on the pencil next to Promo Code
- Add the Promo Code you were given in class
- The promo code extended queries so you can have fun and investigate as much as you desire

The screenshot shows the RiskIQ account settings page. The browser address bar displays "Secure | https://community.riskiq.com/settings". The page header includes the RiskIQ logo and a navigation menu with "Home", "Tours", "Help", and "Profile". A red box highlights the "Profile" menu item, and a red arrow points to the "Account Settings" option in the dropdown menu. The main content area is titled "ACCOUNT" and contains a "PROFILE" section with the following details:

Full Name	Benjamin Powell
Username / Email	benjamin.powell@threatsoc.com
Password	Change
Two Factor Auth	Unavailable
Source Timeout	3 ✎
Email Notifications	Yes ✎
Email Frequency	Weekly ✎
Promo Code	✎

A red box highlights the "Promo Code" field, and a red arrow points to the pencil icon next to it. A red text annotation says "Click on the pencil to add promo code". Another red text annotation at the top says "To add promo code:" with arrows pointing to the "Account Settings" and "Profile" menu items.
